## A new graphic world, where fine lines meet intricate details

Inspired by the elegant, timeless world of the two illustrators behind Calicot Paris, Valrhona's new Christmas 2025 collection is more mature and sophisticated, yet still imbued with poetry. In these delicate, hand-drawn, predominantly red designs, hot-stamped hints of gold and festive details create a poetic world in which Christmas trees, chocolate squares, and tassels intertwine. Each box becomes an object of desire designed to appeal to discerning connoisseurs and those who love giving beautiful gifts.

## Redesigned boxes to reflect a stronger environmental commitment

## About Valrhona

### VALRHONA: TOGETHER, GOOD BECOMES BETTER

Valrhona has been a partner to flavor professionals since 1922 and a pioneer in setting the standard in the world of chocolate. Today, it defines itself as a company whose mission – “together, let’s do good things with good food” – expresses the strength of its commitment. Together with its colleagues, chefs and cocoa growers, Valrhona imagines the best of chocolate to create a fair and sustainable cocoa industry and inspire gastronomy that tastes good, looks good and does good.

Every day, Valrhona is driven by a determination to build direct, long-term relationships with producers, seek out chocolate’s next innovation and share expertise. Valrhona works with chefs to support skills and craftsmanship, guiding them on their quest for a unique identity by constantly pushing back creativity’s boundaries.

In January 2020 Valrhona became a B Corporation®. The company is proud to have been awarded this demanding label for the second time in January 2024. It rewards the world’s most ethically conscious companies, all of which combine economic performance with social and environmental responsibility. This distinction is a recognition of “Live Long”, the company’s sustainable development strategy shaped by our desire to co-construct a model that would have a positive impact on producers, employees, flavor professionals and everyone who loves chocolate.

Choosing Valrhona means making a commitment to ethical chocolate. 100% of our cocoa beans are traced back to our producers, so you know exactly where they come from, who harvested them and that they were produced in the right conditions. Choosing Valrhona means choosing chocolate that respects people and the planet.
